

IWS 2026 ANNUAL MEETING

Friday September 18 & Saturday September 19

THEME: VOLUNTEERS MAKE US GREAT

AGENDA

Friday, Sept. 18

PAPI Workshop:

9:30 – 12:00PM at the College of Southern Idaho-CSI Herrett Center, 315 Falls Ave, Twin Falls, ID 83301, (*Lunch on your own*)

Learn the essentials of plein air painting with members of our PAPI Associates. Linda Weidenfeld, Twila Kadel, Benay Sotelo, and Hugh and Sandra Larkin will instruct you on materials, techniques, helpful equipment, and give advice on embarking on your plein air journeys. Many artists feel that participating in plein air painting enhances your abilities to work quickly, identify key elements in your rendering, and making decisions on focal points and balance.

The workshop lasts until 12:00 noon, and then lunch on your own, joining the PAPI group to paint for the remainder of the day.

This workshop will continue through the afternoon outside at the Herrett Center, 315 Falls Ave, Twin Falls, ID 83301, and if you wish on through Saturday September 19. If you are not interested in the dinner and are only coming for the PAPI workshop, you are free to return home after the workshop!

Although the workshop is free of charge, we ask that you register for the workshop so we know how many persons to anticipate. Attached to this email announcement is a suggested materials list for the workshop. This list has been previously sent out and attached again separately for your convenience. Please register by contacting Scott Muscolo via email or text.

We will do our best to keep the meeting to an hour or less.

Saturday, September 19

Linda Aman – Rust and Corrosion Watercolor Workshop

9:30 AM – 4:00 PM (Lunch on your own: 12:00–1:00 PM)

College of Southern Idaho (CSI), Herrett Center, 315 Falls Ave., Twin Falls, ID 83301

Back by popular demand, Linda Aman is bringing her popular **Rust and Corrosion Workshop** to Twin Falls! Spend the day discovering how to create the rich colors, textures, and character of rust using watercolor. You'll learn techniques for granulation, texture, composition, and layering that will help bring old machinery, vintage vehicles, farm equipment, gears, and other well-loved objects to life.

Whether you bring your own reference photo or use one provided by Linda, you'll leave with new skills and greater confidence in capturing the rich colors, textures, and beauty found in colors of rusted items.

This full-day workshop is offered at the special discount price of **\$45**. A materials list is attached. If you don't have granulating watercolors, Linda will provide a selection of specialty granulating colors for you to borrow and use during class.

Please send in your payment of \$45 to Scott Muscolo, 3640 N Pankratz Way, Meridian ID as soon as possible. There are currently 8 (eight) spots remaining for the workshop which has a maximum of 15 persons. You are not completely registered until I have your deposit!

This year we are reducing our meeting days to two days out of consideration for lodging fees and keeping your weekend at least partly open for your personal enjoyment!
